Shine! Protect

If your car is your pride and joy, you'll want to keep it in perfect shape. Unfortunately, there's a high chance that it'll encounter dents and scratches in the course of your day-to-day life. But, with a cosmetic maintenance plan from Shine! Protect, your car can look like new again.

What does Shine! Protect do?

Shine! Protect is designed to help keep your car bodywork in showroom condition, without compromising your no claims bonus. This means that when you decide to sell it, or your finance agreement comes to an end, its resale value is maintained.

What does a cosmetic maintenance plan cover?

You'll be covered for chips up to 5mm in diameter, scuffs and dents up to 30cm in diameter and less than 3mm deep and light scratches up to 30cm long and less than 3mm deep. The plan includes up to seven areas of repair a year, with a maximum of four repairs per call-out.

How does Shine! Protect work?

Submit your request for repair on the easy to use Shine! Protect App. Once it's approved, simply arrange a convenient time for one of our expert repair technicians to come to you, at your home or at work, to carry out the repair.
